Thursday, October 20		
7:30 am - 4 pm	Registration	
7:30 am - 4 pm	Solution Technical Demo Showcase	Demo stations available for in-depth product utilization.
7:30 - 8:30 am	<b>Orion Health Year in Review Breakfast</b> Wayne Oxenham, President, North America, Orion Health	
8:30- 9:15 am	<b>Keynote Address: The Music of Collaboration</b> <b>Robert Van Arlen</b> , international motivational keynote speaker and coach	Robert Van Arlen is a keynote speaker, trainer, and corporate engagement guru who is transforming the growth of organizations worldwide across industries. Robert's message of engagement continues to bring about transformation in how to approach excellence and collaboration with customers. Open up to the music of collaboration.
9:15 - 9:30 am	Morning Coffee Break	
9:30 - 10 am	<b>Digital Me</b> TED Talks presentation by Ian McCrae, CEO, Orion Health	Our bodies contain two terabytes of data. What if everyone involved in our healthcare - including us - could access that data and use it to make better lifestyle and treatment decisions? Precision medicine aims to answer that question and turn information into better health outcomes for everyone.

\*Draft Agenda - Subject to Change

- Track 1: Rhapsody
- Track 2: Healthier Populations

10 - 10:20 am	<p><b>Open up to Innovation</b></p> <p><b>David Bennett</b>, EVP, Product &amp; Strategy, Orion Health</p> <p><b>Suzanne Cogan</b>, VP, Healthier Populations, Orion Health</p>	This session will cover the journey from population health to precision medicine and beyond.
10:20 - 11:05 am	<p><b>A Single Suite of Products</b></p> <p><b>Sarah Thompson</b>, VP, Clinical Products, Orion Health</p> <p><b>Richard Fraser</b>, VP, Engage, Orion Health</p> <p><b>Dhaya Sivakumar</b>, EVP, Amadeus, Orion Health</p>	This session will provide an overview of Orion Health's single suite of products vision & road maps. It will outline product strategies used to solve business, technological and governance challenges generated by key health IT trends.
11:05- 11:50 am	<p><b>Rhapsody Vision &amp; Roadmap</b></p> <p><b>James Taylor</b>, Product Director, Orion Health</p>	Integration is a key part of enabling organizations to deliver connected solutions. The challenge is therefore how to best enhance the rapid, reliable, secure and scalable interoperability between all electronic systems and devices. Orion Health Rhapsody is known for integration and interoperability expertise. This session will discuss the vision and strategy for Rhapsody with the opportunity to provide feedback on the product roadmap.
11:05- 11:50 am	<p><b>We've Mastered Adoption</b></p> <p><b>Moderator: Richard Swafford</b>, Director, Clinical Consulting, Orion Health</p>	This panel of Orion Health customers will delve into how they have achieved not just sustainability, but growth in a challenging environment. These organizations will demonstrate how they have leveraged business and technology strategies to achieve year-over-year expansion, while engaging providers and patients and enabling information exchange across their community in support of advanced care models
11:50 am - 12:30 pm	Lunch	
12:30 - 1:15 pm	<b>Customer Journeys (Session 1)</b>	In this customer journey session, three Rhapsody customers will provide insight about how they successfully migrated, implemented, initiated, and operate Rhapsody at their current organizations.

- Track 1: Rhapsody
- Track 2: Healthier Populations

12:30 - 1:15 pm	<p><b>Open up to Open APIs and set the world on FHIR</b></p> <p><b>Jerry Hart</b>, Product Director, Data, Orion Health</p> <p><b>Fiora Au</b>, Product Director, API, Orion Health</p>	<p>In the midst of the struggles that healthcare face with interoperability, efforts that support the use of open API and FHIR hold the keys to the HIT kingdom and true interoperability. Both can help with managing today's challenges by making information available to those who need it and allowing implementers to focus on the more complex issues of clinical behavior. FHIR will expose information with widely used open standards which will enables the clinical ecosystem.</p> <p>Discover in this session what Open APIs and FHIR mean for your organization and how Orion Health can help you standardize and open access to data and apply more advanced technologies such as clinical decision support.</p>
1:15 - 2 pm	<p><b>Rhapsody Networking Session</b></p>	<p>This session will include roundtable discussions and networking opportunities with your peers and Orion Health staff to discuss like-type topics surrounding Rhapsody.</p>
1:15 - 2 pm	<p><b>Migrate with Confidence to Amadeus (Optional session for customers not on Amadeus)</b></p> <p><b>Paul deBazin</b>, Product Director, Orion Health</p> <p><b>Richard Bulmer</b>, VP, Professional Services Group, Orion Health</p> <p><b>Kary Nulisch</b>, VP, Professional Services Group, Orion Health</p>	<p>Future-proof your journey from population health to precision medicine with Orion Health by modernizing your applications and infrastructure. Built on modern and scalable technology, Amadeus aggregates, stores, and makes sense of all forms of data to enable precision medicine. In this session you will discuss with Orion Health the product and service teams on the necessary steps for a successful migration to Amadeus.</p>
2 - 2:45 pm	<p><b>Simplifying Complex (Gnarly) Interfaces 2.0</b></p> <p><b>Andrew Cordell</b>, Solution Consultant, Orion Health</p>	<p>This is a workshop where we will take three of the most complex interfaces from customers and present simpler ways of rebuilding routes in new Rhapsody features.</p> <p>Submit your Gnarly routes to <a href="mailto:nahealthcarecollaborative@orionhealth.com">nahealthcarecollaborative@orionhealth.com</a></p>
2 - 2:45 pm	<p><b>Panel: Empowering the Next Generation of Provider Networks</b></p> <p><b>Moderator: Jeanette Polaschek</b>, Director, Clinical Engagement, Orion Health</p>	<p>As CINs and INDs help drive the transition from volume to value, they must employ flexible technological solutions to improve care quality and effectively participate in initiatives such as the Medicare Shared Savings program and multiple innovative value-based programs run by private payers.</p> <p>In this interactive panel session, Orion Health customers will share their strategy and roadmap developed to build an effective Population Health Platform and their expected outcomes.</p>

- Track 1: Rhapsody
- Track 2: Healthier Populations

2:45 – 3:30 pm	<b>Customer Journeys (Session 2)</b>	In the second customer journey session, three Rhapsody customers will provide insight about how they successfully migrated, implemented, initiated, and operate Rhapsody at their current organizations.
2:45 – 3:30 pm	<b>Open UP to a New Kind of Analytics and bring value to providers</b> <b>Moderator: David Bennett,</b> EVP, Product & Strategy, Orion Health	Our focus on improving clinical efficiency, quality of care, affordability, and fee-for-value brings us to a new age of healthcare analytics. Analytics is now integral to meeting regulatory requirements and achieving the systematic quality improvements and cost reductions demanded by new value-based care models.  In this session Orion Health customers and the Orion Health analytics product team will discuss the foundational set of analytic information systems required to thrive in our changing regulatory landscape.
3:30 – 4:15 pm	Client Community Meeting & Elections	
5:30 – 10:00 pm	Customer Appreciation Event	
Friday, October 21		
8 am – 2 pm	<b>Registration</b>	
8 am – 2 pm	<b>Solution Technical Demo Showcase</b>	
8 – 8:45 am	<b>Breakfast</b>	
8:45– 9:15 am	<b>Keynote Speaker:</b> <b>Mark Frisse,</b> Accenture Professor of Biomedical Informatics and Vice Chair of Business Development, Vanderbilt	
9:15 – 10 am	<b>Rhapsody Hardware &amp; Resilience</b>	This session will display and breakdown the components that make Rhapsody what it is today.
9:15 – 10 am	<b>Say This, Not That: Empowering the Next Generation of Provider Relationships</b>  <b>Suzanne Cogan,</b> VP, Healthier Populations, Orion Health	Learn new selling strategies for providers and the benefits of your HIE platform and value-added services. Suzanne Cogan, Orion Health VP of Healthier Populations, and an Orion Health customer will explain how to position your solution, display the value of your services, and create long-lasting and sustainable relationships with providers.
10 – 10:45 am	<b>FHIR: Sparking Innovation in Health Information Sharing</b>  <b>Damian Leopard,</b> Solution Consultant, Orion Health	Health information sharing is becoming increasingly important, as all those involved in the delivery of care to patients now expect that the information they need to be available to them at the point of care and not locked into the ‘silos of collection’ which has historically been the case.

- Track 1: Rhapsody
- Track 2: Healthier Populations

10 - 10:45 AM	<p><b>Precision Medicine is now</b></p> <p><b>Moderator: David Bennett,</b> EVP, Product &amp; Strategy, Orion Health</p>	<p>Many challenges still exist, but precision medicine moved from vision to reality. In many cases health insurances cover the costs of valuable genetic testing (60,000 existing products with 10 new product coming out each day). These innovations driven by the commercialization of healthcare are already revolutionizing clinical practices. Genetic counseling and decision support needs are shooting up. Payers are putting a lot of efforts to evaluate the medical necessity of these emerging genetic tests and other molecular diagnosis.</p> <p>In this session, Orion Health customers will explain their precision medicine strategy and how they are answering the ramping demand for precision medicine and testing collaborative.</p>
10:45 - 11:30 am	<p><b>Rhapsody Customer Focus Group</b></p> <p><b>Moderator: Baz Patel,</b> Sales Director, Orion Health</p>	<p>This focus group will be an all-inclusive and interactive session where the audience will have the opportunity to discuss topics surrounding Rhapsody.</p>
10:45 - 11:30 am	<p><b>A Day in the Life...</b></p> <p><b>Suzanne Cogan,</b> VP, Healthier Populations, Orion Health</p>	<p>Discover how, when, why the Orion Health solution is used during the typical day of a practice engaged in value-based care contracts such as the Medicare Shared Savings Program (MSSP). Our customer will demonstrate how Orion Health technology supports physicians and their teams during daily practice operations.</p>
11:30 am - 12:15 pm	<p><b>Open Up: Voice of the Client</b></p> <p><b>Moderator: Katie Bond,</b> Account Manager, Orion Health</p>	<p>In this session clients and customers will have the opportunity to hold a Q&amp;A with Orion Health's Rhapsody leaders and product experts.</p>
11:30 am - 12:15 pm	<p><b>Complement Care Coordination with Remote Patient Monitoring</b></p> <p><b>Martin Trepanier,</b> Product Director, Orion Health</p> <p><b>Sarah Thompson,</b> VP, Clinical Products, Orion Health</p>	<p>Discover how the association of home-telehealth use and care-coordination improve the cognitive functionality of population groups in Quebec. Martin Trepanier will demonstrate how healthcare organization can take their care management to the next level and achieve quick ROI with a remote patient monitoring program.</p>
12:15- 1:45 pm	Ask the Executives Luncheon	
1:45 - 2:00 pm	Closing Remarks	

\*Draft Agenda - Subject to Change

Rhapsody® Integration Engine is intended only for the electronic transfer, storage, or display of medical device data, or the electronic conversion of such data from one format to another in accordance with a preset specification as specified in the product manual and/or related documentation. Rhapsody Integration Engine is not intended to be used for active patient monitoring, controlling or altering the functions or parameters of any medical device, or any other purpose relating to data obtained directly or indirectly from a medical device other than the transfer, storage, and conversion of such data from one format to another in accordance with preset specifications. Orion Health makes no warranties and the functionality described within may change without notice.

ONC Health IT Certification (2014 Edition) Rhapsody Integration Engine and Rhapsody Connect attained 2014 Edition Modular Ambulatory EHR Certification and 2014 Edition Modular Inpatient EHR Certification from the ICSA Labs ONC Health IT Certification Program. This EHR Module is 2014 Edition compliant and has been certified by an ONC-ACB in accordance with the applicable certification criteria adopted by the Secretary of Health and Human Services. This certification does not represent an endorsement by the U.S. Department of Health and Human Services.
